9 PCE in stock

The Gizmo Swingbob Phat offers the ultimate bite indicator and comes with both an **Opti-Curve chain** and a **swing arm** so you **can use this system as a hanger as well as a swinger**. The easy to use clip releases the line securely and can keep it fixed or free. The Gizmo Swingbobs are equipped with an isotope slot and two additional weights to ensure a secure bite indication even at longer distances. Available in different colors in the sizes Slim or Phat.

- Gizmo Swingbob can be used as a hanger and swinger
- Supplied with Opti-Curve chain and swing arm
- New grip clip can be adjusted to sliding or fixed line
- Highly visible body (slim 10mm / phat 20mm)
- Central isotope slot
- Supplied with two additional weights
- Newly designed mount ensures perfect alignment
