5 PCE in stock

Let us introduce you to the Snag Leader, your new indispensable carp fishing companion. Precision crafted and designed for lasting durability, this leader is specifically made to withstand the harsh fishing conditions. Thanks to its high-quality monofilament construction, it offers excellent resistance to abrasion and ensures reliable performance even in weedy areas.

Product information

The Snag Leader has exceptional knot strength, allowing you to face even the biggest carp with confidence. With its optimal combination of flexibility and strength, it promises a smooth cast and increases your chances of making the desired catch.

Features:

- extremely durable, dark green monofilament shock cord
- Ideal for fishing in waters with many obstacles
- supple and fast sinking, adapts perfectly to the contours of the lake bed
- High knot strength and abrasion resistant
