Enhance your carp fishing experience with high quality PVA tape. Specifically designed for carp anglers, PVA tape offers excellent water solubility and strength to enable effortlessly effective bait presentations. Its residue-free formula ensures minimal disruption to the underwater environment, while its robust construction guarantees reliable performance. Whether you use it to make solid bags, mesh sticks or bait lines, PVA tape allows for superior control and precision.

Features:

- fast dissolving, water soluble 10mm PVA tape
- Ideal for tying solid PVA bags, stringing lures and attaching artificial baits
- Residue-free and virtually pH-neutral PVA film
