7 Stk. in stock

A tungsten-impregnated sleeve designed for use with a QC Rotator swivel. It is characterized by a slight bend, which will strike your hook at exactly the right angle. With a built-in hook ring stop that prevents your mini hook swivel from jamming in the sleeve and allows it to reset when ejected. 10 pieces per pack.

Features:

- semi-rigid tungsten design
- matt finish for low visibility
- hook ring stop allows the rig to reset itself
- create perfect 'Ronnie Rigs' with the RM-Tec QC Rotator swivel
- 10 pieces per pack
