The Stanz Screwpoint benchsticks are part of a premium benchware range made of anodized aluminium and are available in various sizes. Each of these banksticks has a screw point that penetrates even the hardest ground. With camlock system for quick and stable fastening, made of high-quality 16/20 mm aluminum.

The banksticks are available in five different sizes:

9" bankstick - 23cm
12" bankstick - 30cm
18" bankstick - 46cm
24" bankstick - 60cm
36" Bankstick - 92cm

Features:

- Bankstick with screw tip for the toughest ground conditions
