2 PCE in stock

The new Black-Lite is a feather-light series.
Made from high quality aluminum with a hard anodized black finish and a touch of stainless steel.

Features:

- Precision engineered, designed and manufactured in the UK
- High quality aluminum with a hard anodized black finish
- Captive stainless steel thumbscrew for width adjustment
- 3/8" BSF thread, compatible with all Solar Banksticks
- Solar Pozi-Loc system for perfect alignment
- Flat profile on the underside of the inner sections so that the bars can be twisted when extended
- Engraved solar logo

Available in 3 sizes:
