Product information

The Quad Connect Pro offers unrivaled performance, stability and versatility. It is based on RidgeMonkey's highly acclaimed square design with an incredibly low center of gravity and four height-adjustable folding legs. It is equipped with an innovative gas condenser tube that ensures efficient fuel combustion even in the coldest conditions. The offset gas connection enables stable installation on almost any surface. The scope of delivery also includes a carrying bag, a holder for the toaster handle and a gas cylinder stand.

Features:

- Super sturdy design
- Stainless steel fabric hoses and body
- Height-adjustable folding legs
- Maximum variable power of 2700W
- New gas condenser tube
- New piezo remote ignition
- New laser-etched main gas connection and tactile control valve
- New rubberized, non-slip feet
- Carrying bag, toaster handle support and gas cylinder stand included
- Protected utility model
- Suitable for butane/propane mixing cylinders with ISO EN417 screw thread
- Approximate dimensions:
- Folded: 130x130x70mm
- Fully extended: 180x180x105mm
- Weight: 550g

ATTENTION: This product may only be used outdoors and not indoors. Please observe the safety instructions and read the enclosed operating instructions carefully before first use.
