|---|---|
| Diameter: | 11 to 14 mm |
| Flavor: | spicy |
| Design/type: | Wafter |

The Pro-Stim Liver Air Ball Wafters are hand-rolled baits that are perfectly matched to the Pro-Stim Liver Boilies and other products in the Pro-Stim Liver Boilie range.

These wafters are characterized by their durable cover, which minimizes the problem with unwanted fish. They are easy to float and can be easily cut to fit the rig perfectly. Their powerful aroma of spicy garlic sausages with a rich liver undertone makes them irresistible to fish.

They are color-matched to the Pro-Stim Liver Boilies and contain the same base mix and liquids.

In each tin you will find a different number of wafters depending on the size:

# Product information

70 baits at 12mm
50 baits at 15mm
35 baits for 18mm

**Features:**

- Durable cover
- floats easily
- Spicy aroma
- Color-coordinated with the Pro-Stim Liver Boilies
- Same base mix as the Pro-Stim Liver Boilies

**Instructions for use:**
Storage: Store in a cool, dry place away from direct sunlight.
Handling instructions: Soaking and coating the wafters in liquids reduces their buoyancy.

**Important notice:**
This product is intended exclusively as bait and must not be fed to fish.
