Orient Rods Chameleon S2 13ft 3-5oz

Art.Nr.: 51840 / manufacturer: Orient Rods

419,99 EUR / PCE

incl. 20% VAT incl. Shipping

not in stock, available in 4-5 weeks

Product information

Length in feet (ft):	13 ft
Test curve (lb):	4.00 lb and more

The Orient Rods Chameleon 13' 3.5lbs (S1) and Chameleon 13' 3-5oz (S2) are by no means mere successors or prototypes of the popular Chameleon 13 3.5lbs rod. Rather, they are "pumped up" versions with new modifications of the legendary rod. The names Chameleon S1 13 3.5lbs and Chameleon S2 13 3-5oz borrow from the automotive industry with the "Stage 1" and "Stage 2" levels by combining the weaving of the carbon fiber at different angles on the blank. These modifications have made it possible to achieve an effect where you could say that "the blank throws itself".

This effect is comparable to turbocharging the blank. It could be seen as a device that stores potential energy and releases it completely when thrown! Nothing other than the magic of the cast!

Features:

- Fir tree blank design (WIPO patented)
- "REAR ACTION" rod concept according to the classification of Orient Rods
- Blank material from Toray Japan 55-66 msi (40T+46T)
- Slit Carbon Toray reinforcement finish carbon coating has been applied to add extra stiffness and strength
- K-series guide rings
- Orient - Fuji reel seat with Chameleon brand engraving on the carbon bushing
- handle refinement with Kevlar - carbon
- Weight: S1 - 375 grams, S2 - 363 grams
- Casting distance: 200+ meters

The Chameleon S1 and S2 rods from Orient Rods represent the pinnacle of fishing rod technology, utilizing advanced materials and design innovations to deliver unparalleled casting performance and experience. These rods are ideal for anglers who value exceptional performance, durability and unique design in their equipment.
