Discover the Sonik Herox Carp Rod - your indispensable carp fishing companion. The team behind Sonik have put all their expertise into perfecting carbon fiber technology, scouring the globe for the highest quality materials to offer you at a fair price. This search and a deep understanding of how to develop some of the best carp rods in the world has led to the creation of HEROX. The rods in this series set themselves apart from their predecessors with their slimmer, lighter and faster design, without sacrificing an outstanding price-performance ratio. Their progressive power curve makes them a versatile tool for various casting distances and they are robust enough to handle large PVA bags and hard-fighting fish. The distinctive design, with sleek shrink tube handles, black coated hardware, a slim DPS17 reel seat and subtle HEROX green accents, gives these rods an unmistakable SONIK style.

**Features:**

- Slim, lightweight, elegant black carbon fiber shaft
- Progressive casting action with super fast tip recovery
- Super light M-SERIES DL black guides
- Abrasion resistant anti-frap ceramic tip ring
- 40mm ring pattern on 10-foot models
- 50mm ring pattern on 12-foot models and larger
- 17mm black DPS reel seat for all large pit reels
- Line friendly custom molded Sonik clip
- Slim Japanese shrink wrap handle with handle taper
- Black anodized end cap with laser engraved "S" logo
