1 PCE in stock

The Connex Feeder Swivel with Safety Snap are lightweight and designed for quick changes of rigs and swivels. Their sleek design makes for an elegant and minimalist set-up. These swivels are fitted with a strong stainless steel safety snap that is easy to open and close - even with frequent use.

Features:

- Available in sizes 8, 10 and 14
- Super strong yet elegant safety snap closure
- With round eyes for easy knot connections
- Contributes significantly to the reduction of twist and line tangles
- Ensures maximum strength and durability
- Made from an advanced combination of copper and stainless steel materials
- Consistently high manufacturing quality
- With a wear-resistant black nickel coating for added durability
- Packaging with less plastic for a more environmentally friendly solution
