The Nytro Floating Bait Drill is your indispensable helper when it comes to drilling precise holes in (mini) boilies, wafters and pellets. Thanks to its sturdy handle, which sits comfortably in the hand, and the buoyant material from which it is made, you don't have to worry about losing it if it falls into the water.

Features:

- Equipped with a floating handle to minimize the risk of sinking
- Ideal for preparing baits for hair and bait band rigs, especially soft hookbaits, pellets and worms
- The sturdy handle and 1mm stainless steel drill guarantee durability and efficient handling
- Packaged in a more environmentally friendly way with less plastic
