Product information

Diameter: 10mm
Design/type: Pop-ups

DNA Competition Pop-Ups in 10mm. Perhaps this is your new secret weapon for maximum bite frequency and success in competition fishing? These carefully designed pop-ups are specifically designed to get the maximum amount of fish on your rig.

Which, of course, is always good if you want to catch more...

Facts:

- **Perfect buoyancy:** long-lasting buoyancy that keeps your presentation in the perfect swimming position for hours.
- **Optimized coloring :** The colors of each variety are specially selected to be optimally perceived by fish
- **DNA stimulator:** All varieties are enriched with our innovative DNA stimulator, which continuously sends out feeding signals to attract and activate carp.

Varieties:

- DNA Competition Pop-Ups 10mm N-Butyric: dark yellow, Butyric Acid, Banana, DNA Stim;
- DNA Competition Pop-Ups 10mm Sweet Squid: purple, Squid, Plum, DNA Stim;
- DNA Competition Pop-Ups 10mm Sea Monster: light blue, Seafish, Whisky, DNA Stim;
- DNA Competition Pop-Ups 10mm Scopex-X: nature light, Scopexx, Baileys, DNA Stim;
- DNA Competition Pop-Ups 10mm Captain Orange: orange, Blood-Orange, DNA Stim;
- DNA Competition Pop-Ups 10mm Wize Corn: sweetcorn yellow, Sweetcorn, DNA Stim;

These innovative lures, which are designed for maximum attraction, significantly increase your chances of success! In addition, such small lures offer the advantage that you can cast much further due to the low resistance.

Hand made in Austria!
