1 PCE in stock

Model/Type: Sleeping bag

Product information

Xtreme:
A true 5-season sleeping bag, suitable for use even in sub-zero temperatures. With the unique Thermostop neck collar for enormous sleeping comfort. By simply removing the middle layer of the sleeping bag system, the sleeping bag is also ideal for the summer months. The sleeping bag system is made using a special microporous hollow fiber that provides significantly better insulation compared to standard hollow fibers in the same thickness of padding. The outside is made of water-repellent and breathable "Peach Skin" material. The inner lining is made of high-quality microfleece. Naturally suitable for all Mivardi daybeds and most standard or wide versions from other manufacturers.

Features:

- Weight: 6.60 kg
- 2-layer top technology
- Lang: 225cm
- 5 - Season
- Transport size: 60x40x40cm
- Width: 95cm

Standard:

A 4-season sleeping bag, suitable for use even in sub-zero temperatures. With the unique Thermostop neck collar for enormous sleeping comfort. By simply removing the middle layer of the sleeping bag system, the sleeping bag is also ideal for the summer months. The sleeping bag system is made using a special microporous hollow fiber that provides significantly better insulation compared to standard hollow fibers in the same thickness of padding. The outside is made of water-repellent and breathable "Peach Skin" material. The inner lining is made of high-quality microfleece. Naturally suitable for all Mivardi bedchairs and most standard or wide versions from other manufacturers.

Features:

Weight: 4.75kg
2-layer top technology
