Delivery **Thu 05. Nov - Fri 06. Nov 2026**

1 PCE in stock

Korda Shockleader Sleeves

Korda Shockleader Sleeves can be exchanged for the hard inner tube of inline leads. They have a larger inner diameter and are easier to remove. In the event of a line breakage, it is therefore possible for the fish to get rid of the lead very quickly and pull the shock leader knot through the soft tube. The safety of this rig is therefore 100% guaranteed.
