7 PCE in stock

Product information

The new Sonik KRAFT carp rod series from Sonik - a real revolution in the world of carp fishing! Developed with the latest carbon technology, this rod offers unparalleled casting distances, exceptional strength and precision. At the heart of the blank is a low-resin, high-modulus carbon fiber woven into the walls of the blank in multiple layers. This construction ensures incredible durability and casting performance.

The KRAFT rod features our innovative BulletPoint™ tip construction for ultra-fast tip recovery and maximum casting accuracy. The light rod weight and fast action of the blank allow you to make precise casts with minimal effort. Additionally, the understated Sonik style with a shrink rubber handle and custom CNC machined reel seat offers an attractive design and outstanding comfort.

Features:

- Ultra-strong, fast casting
- BulletPoint™ tip construction for ultra-fast tip recovery and casting accuracy
- High modulus, low resin carbon blank
- Matt armored carbon helix construction
- Super lightweight black M-SERIES DL ring guides
- Durable, break-resistant ceramic tip ring
- 40 mm starting rings for 10-foot models (3.05 m)
- 50 mm launch rings on all other models
- Deluxe CNC-1K carbon DPS-18 reel seat with matte black covers
- Slim Japanese shrink rubber end handle with handle widening
- Matt black anodized end cap with laser-engraved "S" logo
