1 PCE in stock

Our quicksticks can be used to add extra stability and rigidity to your shelter, or for any situation where you need a longer bench stick, for any purpose.With robust dual thumb screws to support the extendable inner section, and with a removable inner collar that can be pre-assembled to attach peg caps to shelters, allowing quicksticks to be quickly attached and removed at the start and end of your session. These inner collars are firmly secured when inserted into the top of the Quickstick by a third sturdy thumbscrew.Features:

- Available in 24ins, 36ins and 48ins
- Aluminum construction
- Robust screws
- Quick-release mechanism
- Available in 24ins, 36ins and 48ins versions
