2 PCE in stock

The Wind Chill Varsity Jogging Pants combine warmth, comfort and functionality in a modern design. Made from a traditional, heavy, brushed cotton blend jersey outer fabric, they are perfectly coordinated with the Varsity Hoody. The subtle fleece logo on the thighs emphasizes the connection between the pieces in the collection.

Product information

Thanks to the laminated, windproof inner membrane and the pixel fleece lining, the jogging trousers offer exceptional thermal insulation, which is otherwise better known from outer layers. Even in persistently cold winds, they remain pleasantly warm and provide reliable protection from the elements.

Features:

- Durable, 320 g/m² outer fabric for durability and comfort
- 200 g/m² windproof inner membrane with pixel fleece lining for outstanding warmth
- Fleece-lined hand warmer pockets with zipper
- Ribbed waistband and elasticated ankle cuffs for a secure fit and protection
