Product information

The Two Tone Element Hoody from the Wind Chill collection combines modern design with exceptional functionality for cold days. The unique Element design with a vertical color gradient and the oversized, embossed ZT Element logo on the chest stands for versatility and style, suitable for all seasons.

The laminated, windproof inner membrane and pixel fleece lining offer superior warmth performance usually only found in outer layers, even in prolonged cold winds. The raised neck design with press studs and the shaped hood ensure optimum protection against wind and heat loss.

Features:

- 320 g/m² heavy outer fabric for durability and warmth
- 200 g/m² windproof inner membrane with pixel fleece lining for outstanding insulation
- Handwarmer pockets with snap button closure for comfort and security
- Waterproof elbow patches with camouflage accents for added protection
- Camouflage details on waistband and elastic thumbhole cuffs for functionality and style
- Elastic waistband for optimal fit
