1 PCE in stock

The Element Waterproof Socks are the ultimate solution for outdoor activities in any weather. They effectively wick away moisture and keep your feet dry thanks to the inner waterproof membrane, even if your footwear should fail. With their sophisticated laminate construction, they offer comfort and protection in any situation.

Features:

- Waterproof inner membrane for reliable protection against moisture
- Comfortable lining made from Coolmax, cotton and spandex for breathability and flexibility
- Discreet, embossed ZT logo
- Medium length, ideal for hiking boots or wellies
- Available in two sizes, suitable for all foot sizes
