from 10,49 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

1 PCE in stock

Black, anodized stainless steel arms with which the slap heads can be mounted as swingers. This means that even strong winds or extreme conditions can no longer harm them. The Strong Arms can be attached directly to the R3 using a thread, or you can simply use the Anchor or the Magnetic Anchor Bracket. A 15 gram weight is already attached to the 14cm long Strong Arm Loaded, this can be moved flexibly to adjust the weight.
