Product information

The RidgeMonkey APEarel QuickZip All-Weather Boots are the perfect choice for all outdoor activities. With a unique QuickZip design and elastic laces, these rugged boots allow for quick and effortless donning - ideal for impromptu late-night bites. The low heel cuff ensures ultra-fast access, while the waterproof shaft to the ankle keeps your feet dry even in wet conditions.

The versatile wear modes offer flexibility for different activities: fully open for relaxed wear, zipper-only for shorter walks and with laces tightened for longer distances or maximum protection from water. The deep grooves in the sole guarantee excellent grip without accumulating dirt, making them perfect for muddy or wet environments.

With their cushioned, lightweight design, the QuickZip boots offer all-day comfort without compromising on durability or protection. Whether fishing, hiking or camping, these boots combine comfort, protection and style.

Features:

- Unique QuickZip design for quick one-handed donning
- Elastic laces for easy handling without knots
- Low heel closure for quick access
- Waterproof to the ankle for dry feet in wet environments
- Lightweight, cushioned design for all-day comfort
- Robust exterior for high durability
- Optimized sole with excellent traction and mud repellency
- Oversized tongue for easy donning
- Perfect for fishing, hiking and camping

Three wearing modes:

- Fully open: For relaxed or casual wear
- Zippered only: For shorter walks and light outdoor activities
- Zipper & laces tightened: For longer distances and maximum water protection
