from 2,79 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

7 PCE in stock

Product information

The Basix version of the legendary Korda Kurv now brings one of the most successful hook shapes to a particularly inexpensive segment. With its strongly curved shank and aggressively inward-turned eye, the Basix Kurv offers excellent hooking properties - even without a shrink tube or kicker.

This hook is based on the original Kurv, but is made from stronger "X" wire, making it suitable for more demanding situations and larger fish - both in the UK and mainland Europe. The durable hook point allows multiple fish to be caught without premature changes, while the black nickel finish ensures an unobtrusive presentation.

The hook is ideal for spinner and IQ D rigs and impresses with its versatility and reliability.

Features:

- Great value for money
- Ready to use straight from the packaging
- Aggressively curved eye for perfect hooking properties
- No additional kicker or shrink tube necessary
- "X" gauge wire for maximum stability
- Inconspicuous black nickel coating
- Durable hook point
- Based on the proven original Kurv
- **Available in:** Groß 2, 4, 6 and 8, 10 hooks per pack - barbed or barbless
