Delivery **Fri 06. Nov - Mon 09. Nov 2026**

1 PCE in stock

Thanks to the heavily padded inner construction and the extended tip section, the cover is perfect for 50mm K-rings. The generous, padded reel pocket offers enough space and security even for large Big Pit reels.

Product information

A large zippered compartment on the front is used to store leads, spods or other small items that need to stay close at hand. Robust main zippers with a two-way system provide quick and easy access to rods and reels. The side-mounted plug-in fasteners allow several sleeves to be connected, while a D-clip at the top is used for hanging storage.

The durable N-Dura material ensures longevity with frequent use. An optional shoulder strap (not included) can be attached using the webbing loops provided.

Features:

- Reinforced tip for 50mm K-rings
- Large, heavily padded reel pocket for Big Pit reels
- Front compartment with zipper for accessories such as weights or spods
- Side clips for connecting multiple sleeves
