Delivery **Fri 06. Nov - Mon 09. Nov 2026**

1 PCE in stock

Product information

Length in feet (ft):	13 ft
Test curve (lb):	3.75 lb

The Sportex D.N.A. CS-3 combines state-of-the-art technology with high resilience and dynamics. Made from Japanese high-performance carbon, the blank offers an impressive retrieve speed combined with enormous casting power. The special 1K carbon mesh structure at a 45° angle ensures excellent stability and tensile strength at a consistently low weight.

The rod is equipped with a matt black ALPS aluminum reel seat and lightweight, slim TI Forged AIR KW guides from American Tackle. The 13ft versions are also available with robust SIC guides. A continuous "full-shrink" handle offers maximum grip when casting and during the fight.

Thanks to its balanced action, the D.N.A. CS-3 is suitable for precise casts at medium distances as well as for extreme distance casts with heavy leads.

Features:

- High-performance carbon blank with 1K carbon mesh at a 45° angle
- ALPS aluminum reel seat in matt black
- TI Forged AIR KW guides (starting guide 50mm), 13ft models optionally with SIC guides
- Full-length, non-slip "full-shrink" rear handle
- High reset speed for long, accurate casts
- Robust 2-piece construction with compact transport size

Available models:

D.N.A CS-3 Carp 12ft:

- 3.00lbs - 366cm - 2-piece - transport length 188cm - 342g
- 3.25lbs - 366cm - 2-piece - transport length 188cm - 348g
- 3.75lbs - 396cm - 2-piece - transport length 203cm - 414g

D.N.A CS-3 Distance 13ft:

- 3-5oz - 396cm - 2-piece - transport length 203cm - 413g

D.N.A CS-3 Spod 13ft:

- 6.00lbs - 396cm - 2-piece - Transport length 203cm - 458g

D.N.A CS-3 with SIC guides (13ft models):

- 3.75lbs Carp - 396cm - 2-piece - 429g
