Castor accessories: Replacement heads

The Sonik Xtractor+ FS 6000 LC replacement spool offers the same high-quality workmanship and reliability as the original spool and allows the line to be changed quickly in changing fishing conditions.

The replacement spool is made of robust graphite material and impresses with its light weight and high stability. The generous line capacity of up to 400m monofilament with a diameter of 0.35mm allows it to be used over long distances.

The double-sprung line clips allow you to securely fix and precisely mark your line. Whether as a replacement or for quick adaptation to different fishing methods - this reel offers maximum flexibility when carp fishing.

Features:

- Suitable for Sonik Xtractor+ FS 6000 LC reel
- Robust and lightweight graphite construction
- Line capacity: 0.30mm-465m / 0.35mm-400m

Product information

- Two spring-loaded line clips for precise marking
