The XTRACTOR+ Specialist FS reel series comprises two models: the FS3000 and the FS4000. Both models are lightweight, compact free spool reels that have been specially developed to perfectly complement the XTRACTOR+ Specialist rods. They are suitable for both still and flowing waters and are ideal for fishing for carp, barbel, tench and bream.

Product information

With their stylish matt black finish and free spool function, the reels feature a front drag and independent free spool rear drag for precise adjustments. The high-strength, lightweight graphite body and rotor as well as the instant anti-reverse function ensure reliability and control during the fight.

Other features include line-friendly line clips and a soft rubber handle for comfortable handling. Both models are supplied with an additional deep graphite spare spool.
