Product information

This limited edition collection from the CoolTech series combines classic carp fishing design with a modern look and high functionality. Made from a lightweight, breathable polyester/spandex blend, the T-shirt offers a comfortable feel with maximum freedom of movement - ideal for active days on the water in warm weather.

The athletic cut ensures a comfortable fit, while reinforced seams and the round neckline underline the high level of comfort. The subtle look with Ridgemonkey branding also makes the shirt wearable off the water.

Choose between the dark "stealth" version for inconspicuous use and the natural "camo" look that blends in perfectly with the surroundings. Available in sizes S to 3XL.

Features:

- High-quality, breathable polyester/spandex mix
- Lightweight, stretchy material for high comfort
- Reinforced seams for long-lasting quality
- Sporty, comfortable cut with round neckline
- Discreet RidgeMonkey APEarel branding
- Colors: Stealth or Camo
- Sizes: S-3XL
