6 PCE in stock

Product information

The Trakker TechPro boots have been developed for the highest standards of comfort, protection and durability. They feature a waterproof membrane to keep your feet dry in all weathers and 3M Thinsulate insulation to keep you warm in cool temperatures. The reinforced toe and heel caps increase durability and provide protection when moving on uneven terrain. The grippy FTS outsole ensures a secure grip on a wide variety of surfaces. Thanks to a practical tongue clip, the boots can be put on quickly - particularly helpful for spontaneous activities on the water. The combination of robust leather and durable Oxford material makes these boots a reliable choice for your outdoor activities.

Features:

- Waterproof membrane provides reliable protection against moisture
- 3M Thinsulate lining for warmth and comfort
- Reinforced toe and heel caps for durability and protection
- FTS tread sole for secure grip on any surface
- Tongue holder for quick tightening of the boots
- Upper material: 55% leather, 45% Oxford
- Outsole: 65 % rubber, 35 % EVA
- Available in sizes 8-12
