The Rapala RCD-2 Clipper is a versatile and robust tool for use on the water. Made from stainless steel, this line clipper is ideal for cutting monofilament and braided lines. In addition to the precise cutting mechanism, it has an integrated knife and a pointed hook that can be used to clean eyelets or loosen knotted loops.

The RCD-2 also has notches for precise adjustment of the nose eyelets on Rapala plugs - particularly practical when the running direction requires fine corrections. With its compact size, the clipper fits in any pocket or on any tool belt.

Features:

- Made from stainless steel for durability and corrosion resistance
- Reliably cuts monofilament and braided lines
- Integrated knife for additional cutting
- Pointed eye cleaning needle for cleaning hook eyes or loosening knots
- Notches for precise adjustment of the nose eyelet on wobblers
- Compact, handy design for easy transportation
