The Unlimited Catfish Drag Mat is designed for the safe landing of large catfish. Measuring 3m x 1.2m, it offers sufficient surface area to gently drag large fish from the water to the bank.

Product information

One end of the mat is placed in the water so that the fish can glide gently onto the padded surface. Made from durable, strong PVC and reinforced with fiberglass rods at both ends, the mat remains stable and secure in position. Additional peg points allow for firm anchoring.

The mat can be rolled up compactly, secured with the integrated clips and stored in the bag supplied.

Features:

- Size: 3m x 1.2m
- For safely landing large catfish from the water to the bank
- Made from robust PVC for durability
- Fiberglass poles at the ends for weight and stability
- With peg points for fixing to the ground
- Rollable with integrated clips
- Supplied with transport bag
