3 PCE in stock

The Skeater Fluorocarbon Finesse Rig - Barbed 50cm was developed for almost invisible bait presentations. The leader is made of high-quality fluorocarbon, which is barely noticeable under water and allows natural bait movement thanks to its suppleness. It is equipped with a single Skeater Jaw Point single hook (barbed). Ideal for fine deadbait fishing and cautious predators in clear or heavily fished waters.

Features:

- Fluorocarbon leader for inconspicuous presentation
- Equipped with a barbed Skeater Jaw Point single hook
- Suitable for fine deadbait fishing and light to medium predator fishing
- Lang 50cm
- Hook sizes: 2, 4, 6 and 8
- Leader thicknesses: 0.45mm (hook size 2), 0.35mm (hook size 4 & 6), 0.25mm (hook size 8)
- Soft, low-memory material for natural bait presentation
- With loop for discreet and easy mounting
- Packed as a single piece
