from 3,50 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

6 PCE in stock

The Skeater 49-Strand 7x7 Uncoated Wire Leader Material - 5m Spool is made from high-quality, uncoated 49-strand stainless steel. It offers maximum flexibility, high load-bearing capacity and a particularly natural bait presentation. The matt brown surface means the material remains inconspicuous in the water, while the uncoated construction enables direct

Product information

bite detection.

The leader material is soft, abrasion-resistant and can be reliably processed with both clamping sleeves and knots. Ideal for making your own leaders, rigs or rigs when fishing for predatory fish with sharp teeth.

Features:

- Made from 49-strand stainless steel (7x7) for flexibility and stability
- Load capacities: 20lb, 26lb, 40lb and 64lb
- Matte brown finish for low visibility in the water
- Uncoated for more sensitivity and direct bite detection
- Suitable for crimping or knotting
- Soft, strong and abrasion resistant
- Ideal for your own leaders, traces and rigs
- Supplied on 5m spool
