Product information

The Skeater Chaser Deadbait Rods consist of classic deadbait and stalker rods with very good blank performance. The 30T through-action blanks allow soft baitfish to be cast safely without losing them during the cast. The powerful handle section ensures a secure strike even at greater distances.

The rods are equipped with an ergonomic front handle. The hybrid handle combines natural cork with black and gray camouflage EVA. A double-supported, braided line-friendly Zirconium (ZrO2) ring system with anti-frap tip ring is used. Depending on the model, a nylon reinforced DPS 17 or DPS 18 reel seat is used. All models are supplied in a green protective case.

The Chaser Deadbait Rods are available in 9ft, 10ft, 11ft and 12ft and thus cover various areas of use - from stalking on small waters, rivers and canals to fishing on large lakes or from a boat.

Models:

- **Chaser Deadbait Stalking Medium 9ft** - 20-50g casting weight, for stalking, float or bottom rigs for large perch and zander
- **Chaser Deadbait Power Pike 10ft 3lb 3.5lb** - for fishing for pike, whether stationary or with baitfish
- **Chaser Deadbait Pike & Zander 11ft 2.75lb** - sensitive through-action rod, especially for zander
- **Chaser Deadbait Distance 12ft 3lb** - classic blank for float and bottom fishing for pike

Features:

- 30T through-action carbon blanks for long, safe casts
- Sturdy handle section for powerful hooking
- Ergonomic front handle
- Hybrid handle made of cork and black-grey camouflage EVA
- Nylon reinforced DPS reel seats (DPS 17 at 9ft, DPS 18 at 10-12ft)
- Double bar zirconium (ZrO2) guides with anti-frap tip ring
- Angled frame guide to reduce line tangles
- Suitable for float, bottom and paternoster rigs
- Black end cap with Skeater logo
- Supplied in a green protective case
- Lengths: 9ft, 10ft, 11ft, 12ft
