Nytro Marvelist Power Feeder

Art.Nr.: 59297 / manufacturer: Sonik

from 135,99 EUR / Stk.

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

2 Stk. in stock

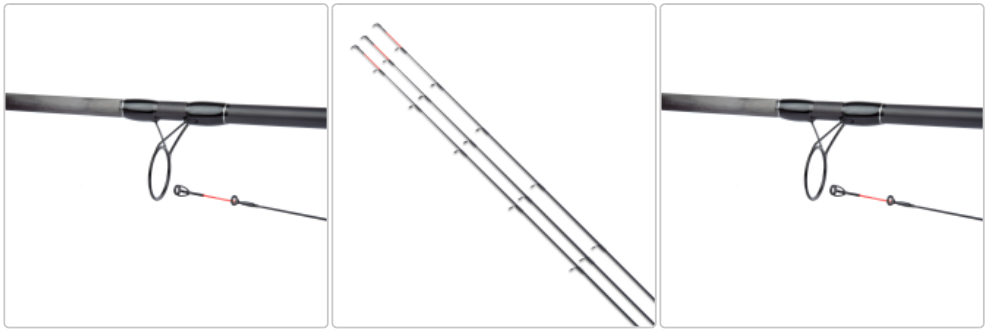

Product information

Length in feet (ft):	13 ft

The Nytro Marvelist Power Feeder series was developed in close collaboration with feeder legend and former world champion Tommy Pickering. The rods are designed for powerful casting, precise presentation, and secure control of large fish—ideal for rivers, large still waters, and commercial fisheries where extra distance or power is required.

The three-piece construction with segments of equal length ensures balanced handling and optimal transport dimensions. The blanks are made from a combination of 30T and 40T high-modulus carbon, resulting in fast recovery, high precision, and a progressive, powerful action.

All models are equipped with three 2.5 mm carbon quiver tips that can be flexibly adapted to different conditions. High-quality Fuji-style components, a cork Duplon handle, an oversized hook keeper, and a screw reel seat round out the design.

Features

- High-modulus carbon blank (30T & 40T)
- Progressive continuous action with strong power reserves
- Fast recovery for precise casting
- 3-piece design (segments of equal length)
- Three 2.5 mm carbon quiver tips (different weights depending on model)
- Carbon wrap on the handle
- Oversized hook keeper
- Semi-matte black finish with epoxy bindings
- Cork/Duplon handle combination
- Screw reel seat
- Delivered in rod bag
- End cap with Nytro epoxy logo

Model-specific data:

- **12 ft power feeder**
  - Transport length: 126 cm
  - Parts: 3 + 3 quiver tips
  - Tip weights: 1.5 / 2 / 2.5 oz
  - Weight: 239 g
- **13 ft Power Feeder**
  - Transport length: 136 cm
  - Parts: 3 + 3 quiver tips
  - Tip weights: 2 / 2.5 / 3 oz
  - Weight: 247g
