2 PCE in stock

Fox Edges Heli Dumpy Leads are specially designed for helicopter rigs. Their top-heavy design with a blunt front provides a high level of feedback when they hit the bottom, making it easy to feel the ground conditions. Instead of a swivel, a 4mm ring is used to improve the presentation in the helicopter rig. The leads can also be fished on lead clips. The matte

Product information

camouflage coating minimizes reflections and ensures an inconspicuous presentation.

Features:

- Ideal for helicopter rigs
- Top-heavy shape with blunt front for maximum "feel" on the bottom
- 4mm ring instead of swivel for clean presentation
- Can also be used with lead clips
- Camouflage-colored anti-glare coating
