from 69,99 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

2 PCE in stock

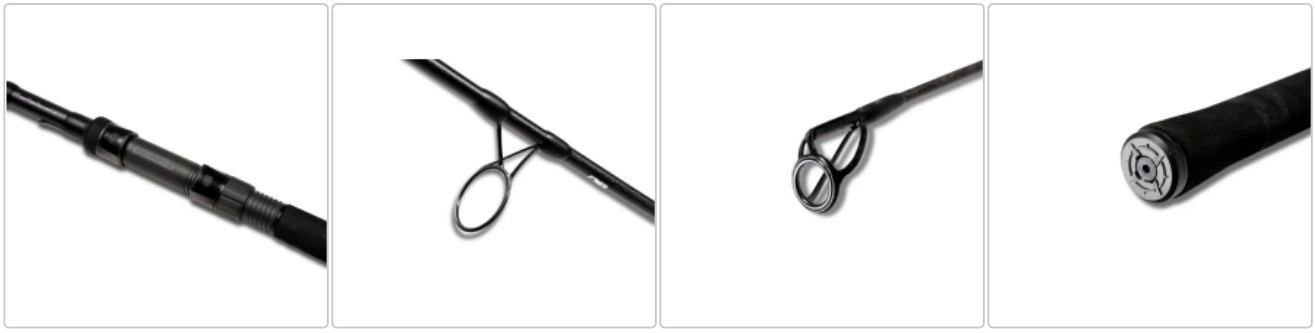

Product information

The Nash Scope Black Duplon rods combine compact pack size with high performance at an attractive price. The 24-ton low-resin carbon blanks feature a helix weave that reduces deformation and improves resilience, increasing casting distance and accuracy. You can choose between abbreviated black shrink, full black Duplon, or AAA cork handles to suit your preferences.

All models are equipped with Seaguide TDG Minima guides. In addition, the 3.5lb CG models feature extremely durable ceramic guides, preferred for heavy braids and snag leaders. For heavy conditions and large carp, there are additional test curves with 3.75lb and 4lb, ideal for heavy lead actions, PVA bags, dot spods, or markers, supported by a reinforced 6ft 3.5lb scope.

Each rod features the patented Butt Lock Peg connection, which can be attached to the end cap.

Features:

- 24-ton low-resin carbon blanks with helix weave
- Abbreviated Black Shrink, Full Black Duplon, or AAA-Cork handle options
- Seaguide TDG Minima guides, optional ceramic guides on 3.5 lb CG models
- Additional test curves 3.75 lb and 4 lb for extreme conditions
- Patented Butt Lock Peg connection

Specific ring sizes:
