Watercraft Bait Strategy Bundles 14kg Boilies + Liquid/Dip – PRO RANGE

The Pro Range Bait Strategy Bundles are perfectly coordinated combinations of high-quality Pro Range boilies, proven groundbait boilies, and the corresponding liquid/dip.

Product information

You get 14kg of quality boilies for a great price and a perfect bait strategy for every variety.

The combination of 4kg Banana Joe Boilies (choose 20 or 25mm) and 10kg Birdy feed boilies provides plenty of volume, ensuring you have enough feed on hand! This is, of course, ideal for long sessions or feeding strategies. By boosting the boilies (hookbait can also be dipped), you significantly increase the attractiveness and maximize your catch success.

The combinations are based on Markus Rosenberger's practical experience and are designed so that aroma, solubility, and nutritional value work together optimally. And that brings in carp! Features:

- 1x 4kg Banana Joe Boilies - choice of 20mm or 25mm
- 1x 10kg Birdy groundbait boilies
- 1x 250ml Banana Joe Liquid

available options
