Product information

Model/Type: Bags & Net Float

The Orient Rods Equipment Bag is a large, extremely well-designed bag for discerning anglers who want to organize and transport a lot of gear in a space-saving way. It is designed to fit easily under a folding chair without wasting valuable storage space at the fishing spot.

The bag features three exterior pockets—two side pockets and one front pocket. The side pockets can be optionally expanded with additional boxes (dimensions approx. 22x17x8 cm) and are ideal for tools, spare spools, or small parts and consumables. Alternatively, these spacious pockets can be flexibly used for other accessories. The front pocket is perfectly designed to hold a large tackle box or several small boxes.

The large main compartment is specifically designed for transporting reels. It offers space for up to four reels in standard cases or in hard cases measuring approx. 22x20x12cm. Thanks to the water-repellent inner lining, the main compartment is also suitable for many other uses and is easy to clean. Made from high-quality materials, the Equipment Bag impresses with its durability, functionality, and high-quality workmanship.
