The Orient Rods Rod Band is a practical securing “strap” designed for the safe transport of assembled rods. It reliably holds rods together and protects sensitive rod components from damage during transport.

Product information

Made from durable Oxford 600 material with a soft neoprene interior, the Lead Band offers optimal protection. An integrated special pocket for the lead ensures that the weight is securely fastened and does not bang uncontrollably against the blank or guides. Two sturdy fabric Velcro fasteners ensure a secure hold and quick handling.

Features:

- Strap for the safe transport of assembled rods
- Outer material: Oxford 600D
- Inner material: Neoprene to protect the rod blank
- Integrated pocket for secure storage of the lead
- Prevents damage to the blank and guides
- Two reliable fabric Velcro fasteners
- Quick to attach and easy to remove
