The Mikado Rod Rest Feeder Pad, made of neoprene foam, provides a secure hold for your rod and reliably protects it from damage. The ribbed surface prevents slipping, while the upward-sloping side ensures stability even during sudden strikes.

The rest is particularly durable and easy to clean, ensuring it remains ready for use at all times. With a length of 45 cm, it fits most standard banksticks and rod pods.

Features:

- Pad made of durable neoprene foam
- Ribbed surface to prevent slipping
- Upturned edge for a secure grip during sudden bites
- Durable and easy to clean
- Length 45 cm, fits standard banksticks and rod pods
