Product information

The Nytro Impax Commercial Carp Feeder was specifically designed for use in commercial waters. The 24T carbon blank with progressive action provides a balanced combination of sensitivity and power to safely fight and land small to medium-sized carp.

The rod consists of 2+2 sections and comes with two interchangeable carbon tips in 1 oz and 2 oz. This allows it to be flexibly adapted to different conditions and feeders. A sturdy reel seat, a comfortable cork/EVA handle, and an integrated hook holder round out the features. The rod is delivered in a matching rod bag.
