The NYTRO Connex Diamond-Eye Swivel & Safety Snap is a compact and reliable swivel with a safety clip designed for versatile feeder rigs. The precision-engineered Diamond-Eye design ensures smooth rotation and effectively reduces line twist, promoting clean and tangle-free setups.

The integrated Safety Snap allows for quick and secure changing of feeders, weights, or leaders. This makes this component suitable for fishing in both natural waters and commercial facilities.

Features:

- Compact swivel with integrated Safety Snap
- Precision-engineered Diamond Eye design
- Reduces line twist
- Ensures clean, tangle-free rigs
- Quickly change feeders, weights, or leaders
- Suitable for feeder setups in natural and commercial waters
