Product information

Korda Kaizen Mono Green 1000 m

Art.Nr.: 58618 / manufacturer: Korda

from 20,99 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

5 PCE in stock

Diameter:	0.30-0.35 mm
Line type:	Monofilament

The Korda Kaizen Mono is a versatile main line that combines long casting distances with excellent abrasion resistance. Made from high-quality Japanese polymers, it offers an excellent diameter-to-breaking-strength ratio and is suitable for both short distances and extreme ranges.

Thanks to its ultra-low stretch, you can feel the bait and the weight even at long distances. The smooth structure reduces friction during the cast, while the abrasion-resistant surface holds up reliably even when encountering obstacles.

Practical length markings every 250m make it easy to spool the line evenly.

Features:

- High-abrasion-resistant monofilament main line
- Ultra-low stretch for precise feedback
- High breaking strength with a small diameter (0.35 mm/15 lb)
- Low air and water resistance during casting
- Markings every 250m on the spool
- Available in five strength classes and two colors
