This ingenious tool is designed to easily attach the hookbait with dental floss. Anyone who likes to fish with pop-ups attached to dental floss knows the problem: Especially when it's cold or dark, it's usually a long fumble until the pop up is attached to the dental floss.
No problem - the Ezeeknot provides a remedy! Ezeeknot consists of 2 plastic halves that are held together by magnets.

Product information

Place the Pop Up in the cylindrical opening, insert the dental floss from above, turn the Ezeeknot upside down once, Now tie 2 overhand knots in the dental floss and the centered knot on the dental floss is ready. Suitable for all pop ups / hookbaits in sizes 12mm to 20mm
