Korda Choddy Krank Hook

This hook was developed based on the unique Krank. Its special shape with an extra wide bend and a curved, inwardly bent

Product information

point makes this hook a hooking machine that converts more bait pick-ups into runs and fish. The difference between the Choddy Krank and Krank is the 15° upward bent eye. This allows the stiff leader material to exit perfectly. The Choddy Krank can also be used for stiff rigs, for chod and hinged stiff rigs.
