The Kamisori Perch rods have been specially developed to target one of the most popular predatory fish in our waters: the perch, a predatory fish that can be found in almost all waters and at various depths.
The super-sensitive yet extremely powerful blanks offer a wide range of possibilities to perfectly implement a variety of techniques.From light "jigging" to hard lure twitching, every lure movement can be performed with these rods and even the

Product information

big "bonus" pike can be drilled very confidently with the Kamisori Perch rod.The Fuji components and the perfect balance give these rods an incredible feel that is hard to find elsewhere.Weight: 125g
