1 PCE in stock

The new Base XP-Plus jacket has been improved and combines high technical performance with a sleek look that is perfect both on the water and in the city.

Product information

This quilted jacket features DuPont padding that guarantees maximum thermal properties, while the exterior has a waterproof Teflon EcoLite finish that protects against the elements.

In addition to its thermal and protective properties, this jacket remains lightweight.

For added warmth, the Base XP Plus features elasticated cuffs with a Trakker logo and an adjustable drawcord. For the safety of your valuables, the jacket also has zippered side pockets.

- Water-resistant Teflon Ecolite finish
- Ultra-soft nylon exterior
- Long back to prevent the ingress of cold air
- Zippered pockets
- Heavy-duty main zipper with branded zipper pull
- Elastic cuffs with logo
- Adjustable drawcord in the hem
- Sizes: S - XXXL
