1 PCE in stock

These Rig Spools have been developed for the storage of zig rigs and chod rigs and are a perfect fit for the Korda Tackle Box.
They are made from high density foam so that the hook point can be pushed into the spool to keep the rig safe - without damaging the point.

Product information

The other end of the rig is held in place by a pin (12 pins per pack).
Each Rig Spool can comfortably hold up to six rigs and you get two in each pack.
The pins are supplied in a container that fits exactly in the center of the spools.
