5 PCE in stock

A versatile helper, e.g. for quickly changing leads, leaders, markers, etc. Korda Multi Purpose Clip with non-reflective surface.

Korda has developed the Kwik links to make changing the lead on running rigs, heli-rigs and chod rigs quicker and easier.

Product information

But basically you can use the Kwik links anywhere you need to quickly attach or remove something from the rig.
Danny Fairbrass says, "I attach the Kwik Link to the swivel in the lead clip or inline lead, for example.
Then I tie a link loop to my leader and hook it into the Kwik Link."

Thanks to the Kwik Link, you can change leaders quickly and easily without having to pull the swivel out of the lead clip every time.

Pack of 20 Kwik Link
